

# Model: CSI-IP67

**APPLICATION:**

Multi-cell scales

**CAPACITY RANGE:**

750kg - 1000kg - 1500kg - 2000kg

**MATERIAL:**

Stainless steel

**ENVIRONMENTAL PROTECTION:**

IP67

**APPROVALS:**

CE 3000 Div - TC6177

OIML 3000 Div - R60/2000-NL 1-03.02

**CHARACTERISTICS**

Construction using stainless steel. High quality protection barrier using special silicones.

Mounting compatibility.

**APPLICATIONS**

CSI-IP67 model is manufactured to maintain its performance capabilities in the environmental conditions existing in industries, where tasks and cleaning demand a good environmental protection.

If the required capacities are under 750kg., select the CFI-IP67 model which is mechanically compatible and reaches from 50kg to 500kg capacity.

**OPTIONS**

Length of the cable is optional. Consult for special requirements.

TEFLÓN® protects all the internal cables
